Re: Support of Opposition to Proposed Bluebonnet Hills Local Historic District

Dear Mayor Adler, Mayor Pro Tem Tovo and Council Members:

Having grown up in Austin and practiced architecture here for 37 years, as well as recently serving as President of the Austin History Center Association, I have a very strong interest in preserving "truly notable" buildings which reflect our City's past, for future generations to enjoy and learn from. Local Historical Districts (LHD) require a significant concentration of buildings united by their history and/or architecture; existing LHDs Hyde Park, Harthan Street and Castle Hill possess this; in my opinion, and with due respect, Bluebonnet Hills does not.

I'm very familiar with this area since family members have lived in two next door houses on Terrace Avenue for over 20 years. I have always been impressed with its location....in between the successfully revitalized South Congress Corridor and the calming Blunn Street Greenbelt, plus Stacy Pool is only blocks away. This, to me, is an ideal walkable, sustainable complete community, but it does not impress me with being historically and architecturally significant, especially enough to deserve LHD status. I would hope that the Bluebonnet Hill community understands this and is able to take advantage of their vital neighborhood and improve it without LHD designation, but more in keeping with the vision of the Imagine Austin Comprehensive Plan. As we all know, the Comp Plan points out many challenges that we will face for the next 30 years, so we need to focus on how all neighborhoods can approach smart growth holistically to help keep Austin the great city that it is, beyond the traditional values and methods we have grown accustomed to. Which means that we need to be very selective when granting LHDs, ensuring that it's for the benefit and good of the entire City, and not just a select few. And finally, we also need to realize the financial burden this puts on the Bluebonnet Hill homeowners, who don't especially want to buy into the LHD, but would like to improve their residences and neighborhood for the sake of the community. Conforming to such intense LHD design guidelines and standards could easily become cost prohibitive, in a City that already has so many affordability issues.

No matter which way you choose to go, I appreciate your attention to my thoughts.

Sincerely,

Evan K Taniguchi

APPLICANT: Bluebonnet Hills Local Historic District Project (Michele Webre)

HISTORIC NAME: Bluebonnet Hills Historic District

Council District No. 9

WATERSHED: Blunn Creek

ADDRESS OF PROPOSED ZONING CHANGE: Roughly bounded by Annie Street on the north, East Side Drive on the east, Leland Street on the south, and Brackenridge Street on the west.

ZONING FROM: SF-3-NP and SF-3-H-NP to SF-3-NP-HD and SF-3-H-NP-HD.

SUMMARY STAFF RECOMMENDATION: Staff recommends the creation of the proposed historic district and the zoning changes to add the HD (Historic Area) overlay to all existing base zoning.

Staff further recommends the attached clarifications to the proposed Bluebonnet Hills Historic District Design Standards – please see the separate document with the revisions.

p. 23 – “Each property is unique and lot size/shape can vary; therefore, each property will be reviewed individually and exceptions to the Design Standards may be allowed by the Historic Landmark Commission if appropriate for unique conditions.”

p. 23 – “A Certificate of Appropriateness is not necessary for work proposed to a non-contributing building within the District, and these Design Standards do not apply to non-contributing buildings. However, the owners of a non-contributing building (especially if it is of historic age) may want to consider these standards as guidelines for considering design options that reflect the architectural character of the neighborhood.”

unless rebuilding p. 25 – “All houses within the District will be reviewed with primary reference to the front street appearance of the house. Houses located on corner lots will be treated the same as houses on interior lots for the purposes of these Standards.”

p. 29 – “Retain and restore original windows, window surrounds, shutters, and screens whenever possible. If the original windows, shutters, or screens are deteriorated beyond feasible repair, replace them with in-kind materials.”

p. 30 – “Retain and restore original doors, door surrounds, sidelights, and transoms whenever possible. If the original door is deteriorated beyond repair, replace it in-kind, or with a door that is historically appropriate for the style of the house. If the original door surrounds, sidelights, and transoms are deteriorated beyond repair, replace it in kind.”

Staff also surveyed the proposed district in 2014 to confirm the survey findings.

PETITION

Date: 8/23/15

Total Square Footage of Buffer: 898093.6791
Percentage of Square Footage Owned by Petitioners Within Buffer: 30.56%

Calculation: The total square footage is calculated by taking the sum of the area of all TCAD Parcels with valid signatures including one-half of the adjacent right-of-way that fall within 200 feet of the subject tract. Parcels that do not fall within the 200 foot buffer are not used for calculation. When a parcel intersects the edge of the buffer, only the portion of the parcel that falls within the buffer is used. The area of the buffer does not include the subject tract.

Dear Bluebonnet Hills resident:

The City has a nomination for a locally-designated historic district in Bluebonnet Hills. We are pleased to announce and invite you to a neighborhood workshop meeting about this nomination on THURSDAY, AUGUST 20, 2015 at 7:00 p.m. in Room 325, One Texas Center, 505 Barton Springs Road. At this meeting, city staff will present information about the benefits that local historic district designation offers you. Following the presentation, we will have a question and answer session to address any concerns you may have about historic district designation.

Local historic district designation is the best tool the City offers to preserve the architectural and historic character of Bluebonnet Hills. Historic district designation provides greater protection against the demolition of those buildings which contribute to the character of the district, and sets out design parameters for new construction within the district, including additions to existing buildings. Historic district designation does not prohibit you from making changes to your property, but instead, presents design standards that reflect the architectural character of the district, thereby encouraging design that is compatible with the character and architecture of the district.

Austin's landscape is changing very rapidly. Much of the change is occurring in our older neighborhoods, where houses are being torn down, in favor of replacement structures that bear no relation to the existing houses. Think of what attracted you to Bluebonnet Hills to begin with – beyond the purely geographical advantages, the neighborhood is notable for its collection of older houses and mature trees which give it a unique ambience. Designation as a local historic district will help preserve the qualities of the neighborhood that you enjoy, and will help protect the neighborhood from insensitive development.

I am attaching a copy of the proposed design standards for you to review, along with the latest clarifications proposed by the nomination team based upon input from residents. These standards were developed by the neighborhood authors of the historic district nomination, and are based on best practices from cities throughout the country, and provide the parameters for new construction in the district.

We look forward to seeing you on August 20.

Sincerely,
